These longer journeys is where Ibra really comes into her own. Utilising her 5 star fitout means that nothing is compromised in reaching destinations that, so far, have disappointed the discerning traveler.

The extraordinary experience of watching giant leatherback turtles, for example, has been limited until now. With Ibra moored in the calm estuary of Ras al Hadd, a night sojourn to the beach to witness this amazing spectacle is now possible in the highest luxury. And this is only one of the possibilities offered by this graceful craft.
